

XXVII PHYSICS IN COLLISION 2007

PHYSICS IN COLLISION - LAPP Annecy, France, 26 - 29 June 2007

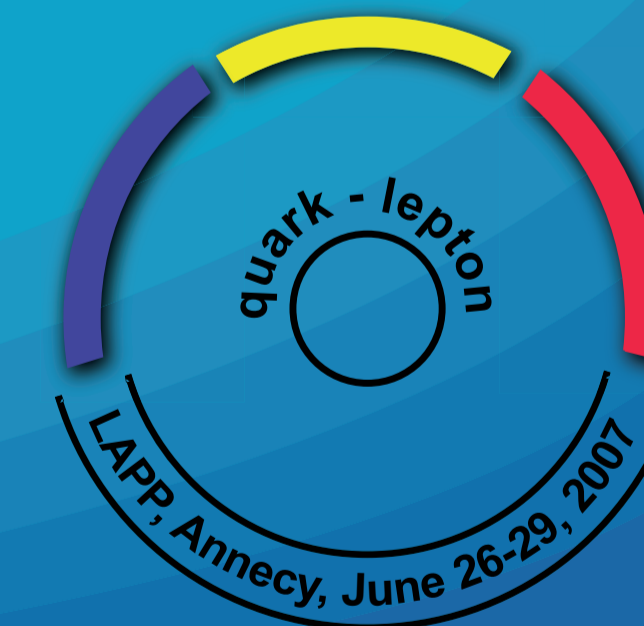

Invited speakers review and update key topics in elementary and astro-particle physics with the aim of encouraging informal discussions on new experimental results and their implications. Poster session with short talks: abstracts from all participants are welcome.

INTERNATIONAL ADVISORY COMMITTEE

J.A.Appel (Fermilab)	G.Mantovani (Perugia Univ. and INFN)
G.Bellini (Milano Univ. and INFN)	J.de Mello (Fed.Univ.Rio de Janeiro)
A.Bettini (Padova Univ. and INFN)	B.Naroska (Univ.Hamburg and DESY)
R.Briere (Carnegie Mellon Univ.)	A.Olchevski (JINR, Dubna)
