

April 23, 2009

To whom which may concern

The Brazilian Center of Physics Research (CBPF), will actively participate in the joint programme “Erasmus Mundus Joint Doctorate (EMJD) in Relativistic Astrophysics” as a non-European Institution Partner. The research and education required by the joint program will be carried out by Instituto de Cosmologia, Relatividade e Astrofísica (ICRA-Br) led by Prof. Mario Novello. CBPF will provide all necessary support for this joint programme.
