VIRGO INFN - CNRS **NTS 96-39** Date : June 20, 96; B. Mours

Transparencies of the Data Analysis Meeting
Annecy, June 13, 1996

- Michele Punturo
  Virgo document exchange system
- Leopoldo Milano
  Time domain amplitude and frequency detection of GW from coalescing binaries
- Xavier Grave
  Pulsar search: blind search optimization. Amplitude modulation due to detector rotation
- Sanjeev Dhurandar
  A two-step hierarchial search for coalescing binary signals.
- Jean-Michel Innocent
  Binary coalescance detection
